

STEP

THE DIGITAL KIT FOR FAMILY-BASED LEARNING

Learning planner

THE DIGITAL KIT

This planner is part of the **STEP Digital kit** for family-based learning. It is designed to help everyone in the family use an iPad to get involved in learning.

What's in the kit?

The kit has five parts as well as a SIM card.

AN IPAD

A PROTECTIVE CASE

AN IPAD PEN

A NOTEBOOK

A PLANNER

It is important to keep everything safe. Put all the parts back into the case each time you finish using them.

HOW WILL THE KIT HELP ME?

The digital kit has been designed to get everyone in your family involved. It will help you to:

Learn together when you are not in school

Plan your learning

Improve your numeracy and literacy

Have fun and be creative

Find learning resources online

WHO WILL HELP ME?

Your teacher and your family will help you plan your own learning. At least once a week you will spend time with your teacher (or have a telephone or video call) to go over what you learned, think about how well you did and plan for the week ahead. In between times, you can work with your family and on your own.

MY LEARNER PREFERENCES

It is easier to learn when you are doing things you enjoy. Put a circle in the grid to show your teacher which learning activities you prefer.

	Not at all			1 to 10				Very much		
I love maths	1	2	3	4	5	6	7	8	9	10
I love writing	1	2	3	4	5	6	7	8	9	10
I love reading	1	2	3	4	5	6	7	8	9	10
I love speaking to people	1	2	3	4	5	6	7	8	9	10
I love making things	1	2	3	4	5	6	7	8	9	10
I love art	1	2	3	4	5	6	7	8	9	10
I love digital things	1	2	3	4	5	6	7	8	9	10
I love working on my own	1	2	3	4	5	6	7	8	9	10
I love projects	1	2	3	4	5	6	7	8	9	10

About me

What things do you like to do in your spare time?

.....

.....

.....

What work would you like to do when you are older?

.....

.....

.....

What do you like to do with your family?

.....

.....

.....

What things would you like to be really good at?

.....

.....

.....

What work do people in your family do?

.....

.....

.....

What new things would you like to learn?

.....

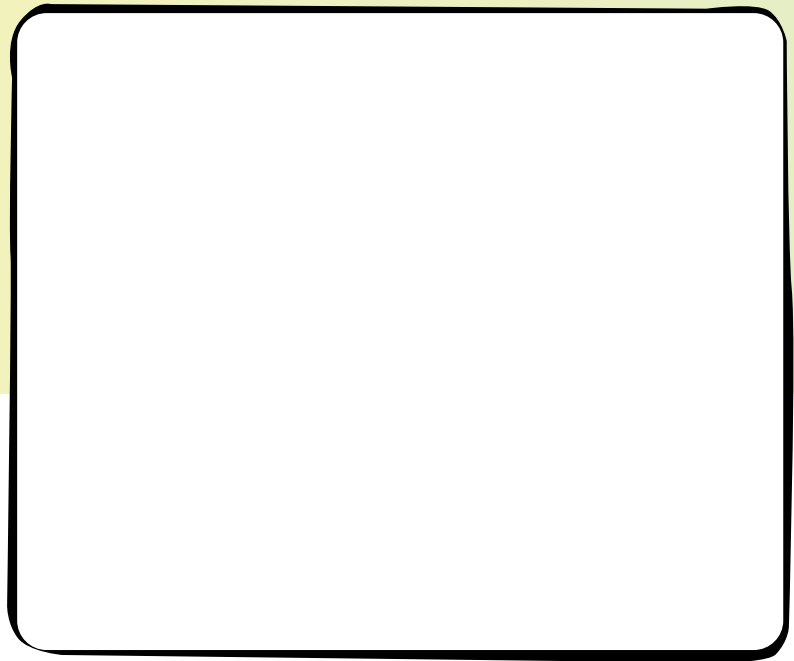

.....

.....

HOW WILL I LEARN? _____

Begin by planning your one-year learning journey. Start by making notes or drawing a map of everything you want to learn in the box below. Think about where you want to be in one year's time. You should talk to your family about this too.

Your teacher will help you to break your learning journey up into smaller steps on the next page. You can come back and check how you are getting on.

A large, empty rounded rectangular box with a thick black border, intended for students to draw a map or make notes about their one-year learning journey.

Learning planner – One year journey

WHAT COMES NEXT?

Each week you will reflect on *what* you have learned and plan for the next week. This will involve chatting with your teacher about how well you got on the week before. Make sure you gather evidence to show what you learned. Talk about how you felt. Were some things easy? Or hard? Decide on a plan. You should aim to do some work on at least four days.

LINKS TO ONLINE CONTENT

The next section contains links to information and activities that you can find on your iPad. You will also find this information and lots more on the STEP family website

www.step-families.co.uk

MY LEARNING APPS

Numeracy

Here's some Maths and Numeracy apps to get you started. Make your own list to suit your ability on the next page.

Sushi monster – Help feed the monster by making the correct target sum or product.

Monster maths – Complete maths problems to avoid enemy creatures.

Maths balance – Game for solving maths problems.

Sum dog – Numeracy, grammar and spelling questions and activities.

Rookie maths – Complete maths challenges to move through game levels and gain coins.

CREATE YOUR OWN MATHS APPS LIST

.....

.....

.....

.....

.....

.....

.....

.....

.....

Literacy

Here's some Literacy apps to get you started. Make your own list to suit your ability on the next page.

Spellspire – Defeat fiends with powerful spells.

Phonic Street – Complete literacy tasks as you cycle along the street meeting different people.

Kid in Story book maker lite
– A fun app for making stories.

Jolly Phonics Lessons – A fun app to help with reading and writing.

Book creator app – Create your own comic books using fun characters and templates.

CREATE YOUR OWN LITERACY APPS LIST

.....

.....

.....

.....

.....

.....

.....

.....

Creativity

There are lots of creative apps which let you take photos, edit them, make posters, presentations, e-books and lots more. Create a list of your favourites on the next page..

Pixlr – A free and easy app to edit your photos and images with fun filters and effects.

Drawing desk – Sketch, paint and doodle using different tools like smudge, water colour, neon paint and patterns.

Animatic – Create hand-drawn digital animations with this fun and easy app.

Book Creator – Create your own comic books using fun characters and templates.

GarageBand – Make and record music using countless instruments and recording studio.

MY CREATIVITY APPS LIST

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

General subjects

Try some of these youtube channels and online programmes for interesting learning videos and resources. Create your own list on the next page.

Bitesize – A great website for finding lots of fun learning activities.

Sesame street – Learn essential life skills through fun videos – everything from tying a shoelace, caring for others to reading and writing.

TED Ed – Watch fascinating videos and animations to learn about lots of different subjects.

National geographic kids – This nat geo channel features interesting and exciting videos about animals, science, culture and much more.

Khan Academy kids – You'll find lots of great learning resources to help with all topics and subjects.

MY GENERAL INTEREST LIST
