

Digital Sacks Quick Start Guide

STEP

Welcome to your Digital Sack

Digital Sacks are part of the STEP Digital Transitions Programme which aims to improve transitions into and beyond education for young people from Gypsy/Traveller and Roma communities.

The programme provides a flexible way for young people to engage with learning using digital technology that allows them to sustain their culture.

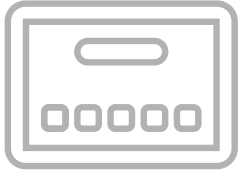

STEP

**Scan the QR code
to access our
Digital Sack
virtual toolkit**

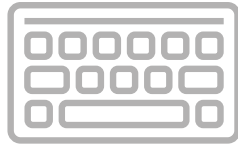

**You'll find instructions for
setting up your device and
accessories**

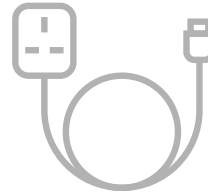

In the Digital Sack you'll find:

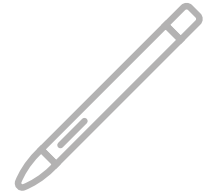

An **Android tablet** to support learning anytime, anywhere

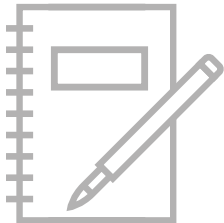

A **keyboard** to complete writing tasks with ease

A foldable portable **charger** for easy storage at home and during travel

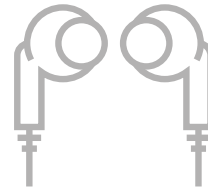

A **stylus pen** to draw and write on your touchscreen tablet

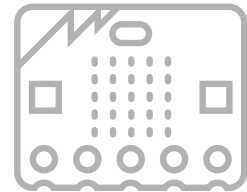

A **notebook** for all your planning and thoughts

A **tablet case** to protect and prop up your device for hands-free viewing

Earbuds to watch videos in shared spaces or during travel

BBC Micro:bit – this pocket-sized computer is a fun and easy introduction to programming
